EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gerald Swiss on 4/11/07.

The application has been amended as follows:

In claim 1, line 2 "endothelin-related disease" has been deleted and replaced with --- primary pulmonary hypertension, in a patient in need thereof, --- .

In claim 1, line 8 "endothelin-related disorder" has been deleted and replaced with --- primary pulmonary hypertension --- .

Claims 20-22 have been cancelled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the closest prior art reference of Smith et al. (US 2002/0051766) does not teach or suggest alone or in combination the instant method of alleviating the symptoms of, or treatment of, primary pulmonary hypertension. Smith et al. teach methods for the treatment of congestive heart failure, which is a

distinct pathological condition from primary pulmonary hypertension as explained in the Declaration filed on 8/14/06 by Eldon Smith. Therefore, the instant invention is directed to a distinct disorder and distinct patient population from the prior art reference.

Conclusion

Claims 1-19 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ernst V. Arnold whose telephone number is 571-272-8509. The examiner can normally be reached on M-F (6:15 am-3:45 pm).
